EVENT REPORT

Name Of The Activity	Seminar on Literature review and protocol preparation	
Type Of Activity	Seminar	
Date And Time Of Activity	12/4/2022	10.00AM
No. Of Participants	117	
Resource Person	Dr. K.V.Subramanyam	
Coordinators	Department of Pharmaceutics	
Description	<p>On April 12, 2022, DJPS College of Pharmacy hosted a highly successful seminar focused on "Literature Review and Protocol Preparation" within the Department of Pharmaceutics. Dr. K.V. Subramanyam, a distinguished expert in the field, served as the resource person for the event. The seminar aimed to enrich the research skills of both students and faculty by delving into the critical aspects of literature review and protocol development. The seminar commenced with a warm welcome address by the Head of the Department, setting the stage for an insightful day of learning. Dr. Subramanyam initiated the first session by elucidating the essentials of literature review, emphasizing its role in framing research questions and identifying gaps in existing knowledge. Practical insights on effective literature search strategies and information organization were provided, offering participants tangible tools for their future research endeavors. In the second session, Dr. Subramanyam turned the focus towards protocol development for pharmaceutical research. He outlined key components, including study objectives, methodology, ethical considerations, and data analysis plans. Real-world examples and case studies were employed to illustrate best practices, allowing participants to grasp the intricacies of protocol preparation. Overall, the seminar on Literature Review and Protocol Preparation proved to be a resounding success, leaving attendees inspired and better equipped for their future research endeavors. The</p>

EVENT REPORT

Name Of The Activity	Workshop on Expharma Software	
Type Of Activity	Workshop	
Date And Time Of Activity	20/05/2022	10.00AM
No. Of Participants	121	
Resource Person	Mrs. Vinitha	
Coordinators	Department of Pharmacology	
Description	<p>DJPS College of Pharmacy conducted a workshop on Expharma Software on May 20, 2022, under the auspices of the Department of Pharmacology. The workshop, facilitated by Mrs. Vinitha, aimed to familiarize participants with the practical applications of Expharma Software in pharmacological research and drug development. The event commenced with an insightful overview of the software's features and functionalities, followed by hands-on training sessions that provided attendees with a practical understanding of data input, analysis, and interpretation using Expharma. Real-world case studies demonstrated the software's versatility in addressing pharmacological challenges, and an interactive Q&A session allowed participants to engage with Mrs. Vinitha on specific features and best practices. The workshop's success was underscored by its emphasis on experiential learning, empowering participants with practical skills in utilizing Expharma Software. Mrs. Vinitha's expertise and the interactive nature of the session ensured that attendees left with valuable insights and a heightened ability to apply Expharma in their academic and research pursuits. The Department of Pharmacology at DJPS College of Pharmacy remains dedicated to providing such practical and industry-relevant workshops to enhance the skill set of its academic community.</p>

Description	<p>DJPS College of Pharmacy hosted a comprehensive workshop on CPCSEA Guidelines and Animal Handling Techniques on July 10, 2022, under the auspices of the Department of Pharmacology. Dr. Baba Fakruddin, a distinguished expert, led the workshop, providing participants with a thorough understanding of CPCSEA guidelines governing ethical practices in animal experimentation. The event began with an in-depth overview of the regulatory framework, emphasizing the importance of humane treatment and responsible conduct in animal research. Dr. Fakruddin further guided participants through practical demonstrations of essential animal handling techniques, ensuring a seamless integration of theoretical knowledge with hands-on skills. The workshop's success lay in its emphasis on ethical principles, including the 3Rs concept, and the practical application of CPCSEA guidelines in laboratory settings. Interactive discussions and a robust Q&A session allowed participants to engage directly with Dr. Fakruddin, addressing concerns and gaining valuable insights into the ethical considerations and challenges associated with animal research. The workshop concluded with the distribution of certificates, acknowledging</p>

Description	<p>DJPS College of Pharmacy hosted a seminar on Biomedical Literature Critique on March 9, 2022, facilitated by the Department of Pharmacology. The seminar, featuring Mr. Amith Joshi as the resource person, aimed to enrich the critical analysis skills of participants in evaluating biomedical literature. Beginning with an emphasis on the importance of staying abreast of research trends, the seminar delved into key concepts such as identifying research gaps, scrutinizing study design and methodology, and understanding statistical methods. Mr. Joshi's guidance included practical tips and real-world examples, enabling participants to apply effective critique strategies to diverse research articles. The interactive session further enhanced the learning experience, providing a platform for participants to discuss queries and share experiences. Certificates of participation were distributed, recognizing attendees' commitment to advancing their skills in biomedical literature critique. The seminar's success lay in its comprehensive approach, combining theoretical concepts with practical application and interactive discussions. Mr. Amith Joshi's expertise contributed to a dynamic learning environment, equipping participants with the necessary tools for critical literature analysis in the field of pharmacology. The Department of Pharmacology reaffirmed its commitment to organizing such educational events to empower its academic community with essential skills for navigating the evolving</p>

Description	<p>DJPS College of Pharmacy organized a seminar on the Fundamentals of Biostatistics on July 21, 2022, hosted by the Department of Pharmaceutical Analysis. Dr. Patheep Naik, a distinguished expert in the field, served as the resource person, guiding participants through key concepts such as hypothesis testing, data distribution, and statistical inference. The seminar emphasized the critical role of biostatistics in pharmaceutical research and analysis, providing practical applications through case studies and real-world examples. Dr. Naik's interactive workshop allowed participants to apply biostatistical principles hands-on, reinforcing their understanding of statistical techniques relevant to pharmaceutical analysis. The seminar concluded with a Q&A session, providing an opportunity for participants to seek clarification, and certificates were distributed to acknowledge their commitment to advancing their knowledge in this fundamental aspect of pharmaceutical research. In summary, the seminar successfully equipped participants with a foundational understanding of biostatistics and its practical applications in the pharmaceutical domain. The Department of Pharmaceutical Analysis at DJPS College of Pharmacy remains committed to organizing such educational events to enhance the statistical competencies of its academic community and foster a strong foundation for future research endeavors.</p>

Description	<p>DJPS College of Pharmacy hosted a seminar on Evidence-Based Decision-Making on November 21, 2021, organized by the Department of Pharmaceutics. Dr. Anandh Goud, a notable expert, served as the resource person, guiding participants through key principles and frameworks essential in the pharmaceutical industry. The seminar emphasized the critical role of evidence from credible sources in shaping decision-making processes, ranging from drug development to regulatory compliance. Real-world case studies and interactive discussions enriched the learning experience, providing participants with practical insights into applying evidence-based approaches in pharmaceutics. Dr. Anandh Goud's seminar not only introduced the fundamental concepts of evidence-based decision-making but also highlighted its relevance in pharmaceutical research and development. Attendees engaged in discussions during the interactive session, gaining a deeper understanding of the challenges and nuances associated with this approach. The event concluded with a call to apply the principles learned, fostering a culture of informed decision-making among students and faculty within the Department of Pharmaceutics at DJPS College of Pharmacy.</p>
